NORTH AND WEST ALASKA
COOPERATIVE ECOSYSTEM STUDIES UNIT

AMENDMENT TWO TO
COOPERATIVE and JOINT VENTURE AGREEMENT

between

DEPARTMENT OF THE INTERIOR
Bureau of Land Management
U.S. Geological Survey
National Park Service

DEPARTMENT OF AGRICULTURE
U.S. Forest Service
Natural Resources Conservation Service

and

UNIVERSITY OF ALASKA SYSTEM (HOST)
(UA-Anchorage, UA-Fairbanks, UA-Southeast)

University of New Hampshire
Alaska SeaLife Center

Adding the

Minerals Management Service

With the exception of the changes below, all terms and conditions of the North and West Alaska CESU agreement apply to this Amendment, and this Amendment is hereby made part of the agreement.

ARTICLE I. BACKGROUND AND OBJECTIVES
A.1. The Minerals Management Service is included in the North and West Alaska CESU as a Federal Agency partner under Agreement # 39850.

I. The Minerals Management Service (hereinafter called MMS) was established by Department of the Interior (DOI) Secretarial Order No. 3071 in 1982 with responsibility
for managing the Nation’s oil, natural gas, and other mineral resources on the Federal Outer Continental Shelf (OCS) and the mineral revenues from OCS, Federal, and Indian lands as authorized by the OCS Lands Act (OCSLA) (43 U.S.C. 1331-1356). The MMS manages the mineral resources on 1.76 billion acres of the OCS to ensure that the U.S. government receives fair market value for acreage made available for leasing and manages any oil and gas activities to conserve resources, operate safely, and protect the coastal and marine environment. In addition to OCSLA, numerous laws, but particularly NEPA, provide the basis for environmental assessment and study of impacts associated with OCS related activities. OCSLA Section 1346 mandates the conduct of environmental and socioeconomic studies needed for the assessment and management of environmental impacts on the human, marine, and coastal environments which may be affected by oil and gas or other mineral development. It further states that the Secretary may by agreement utilize, with or without reimbursement, the services, personnel, or facilities of any Federal, State, or local government agency. OCSLA Section 1345 authorizes the use of cooperative agreements with affected States to meet the requirements of OCSLA, including sharing of information, joint utilization of available expertise, formation of joint monitoring arrangements to carry out applicable Federal and State laws, regulations, and stipulations relevant to outer Continental Shelf operations both onshore and offshore. The Energy Policy Act of 2005 amended the OCS Lands Act to give authority to the Department of the Interior to coordinate the development of an alternative energy program on the OCS and also to coordinate the energy and non-energy related uses in areas of the OCS where traditional oil and natural gas development already occurs. MMS may use, as appropriate, the aforementioned authorities for specific activities under this agreement.

ARTICLE III. TERM OF AGREEMENT
A.1. The effective date of the North and West Alaska CESU Cooperative and Joint Venture Agreement is 8 August 2003.

A.2. The effective date of this amendment to the North and West Alaska CESU Cooperative and Joint Venture Agreement shall be determined from the date of the last signature.

ARTICLE IV. KEY OFFICIALS
A.5. The technical representative for the MMS is as follows:

Cleveland Cowles  
Chief, Environmental Studies Program  
Minerals Management Service  
3801 Centerpoint Drive, Suite 500  
Anchorage, Alaska 99503  
Phone: 907 334 5281  
Fax: 907 334 5242  
Cleveland.cowles@mms.gov
ARTICLE V. AWARD

B.1. Upon signature of all parties to this amendment, MMS will commit $10,000 in funds to the Host University in furtherance of the agreement, to be authorized by a modification issued against the agreement.

ARTICLE XIV. AMENDMENT AUTHORIZING SIGNATURES

The following authorizing signatures are attached to this amendment:

U.S. DEPARTMENT OF THE INTERIOR
A. Bureau of Land Management
B. U.S. Geological Survey
C. National Park Service

U.S. DEPARTMENT OF AGRICULTURE
D. USDA Forest Service
E. Natural Resources Conservation Service
F. Minerals Management Service

G. UNIVERSITY OF ALASKA SYSTEM
H. University of New Hampshire
I. Alaska SeaLife Center
